

MERRILL THINKS LOSS TO
GRAND RAPIDS WAS FLUKE

In discussing the right of Merrill's claims to the football title the Merrill Herald states that all the disinterested football dopsters consider the victory of the local high school over the Merrill team as a fluke. Doubtless by the "disinterested" dopsters. As far as was apparent there was nothing unusual about the game here, both teams playing good straight football and the better team coming out with the long end of the score. The only reason for the game ending in a dispute was because the winning Merrill team refused to recognize the referee, which is certainly nothing to the credit of a team claiming Wisconsin's championship.

The fact that the Grand Rapids team played Stevens Point to a tie, coming within a few yards of scoring several times would be a conclusive indication that the game with Merrill was not a fluke. Merrill when they played with the Stevens Point team won on a kick from the thirty-yard line, never getting closer than that to their own goal. It is admitted by the northern fans that Stevens Point had one of the strongest and steepest teams in the upper end of Wisconsin, and her overwhelming defeat by Madison last Saturday would indicate that the teams in this vicinity would not stand up very strong against the capital city team.

The Merrill Herald article says: "There is an effort being made by the various Wisconsin interscholastic football championship claimants to discredit the excellent record made by the local eleven during the past season. It seems they have to resort to untruths in order to further their claims to the much coveted state title."

"The manager of the Appleton High eleven in a letter to the Sporting Editor of the Sentinel said that Stevens Point had six of their best men off the team the day that Merrill met them. The truth of the matter is that only two of the Point's men were off. Merrill discredited one because of his being over age. The other was off, for reasons unknown to us, probably because of injuries received in some other game. He further states that the Merrill-Waukegan game settled nothing. He claims that Merrill had been beaten earlier in the season by Grand Rapids, while all disinterested football dopsters look upon the Grand Rapids-Merrill game as a fluke. Therefore they are satisfied that point in his letter to the Sentinel when he said the following: 'I do not believe that the Grand Rapids-Merrill game casts any black mark upon the record of the Merrill High for the referee in that game was clearly influenced by the threatening attitude of several hundred people and after half an hour of wrangling changed a decision that according to all rules of football, was unfavorable.'"

"The La Crosse Tribune and Leader-Press recently printed a long drawn out article concerning the Merrill-Grand Rapids game. The writer in the above mentioned article looked upon Merrill's claim to the state title as one of the annual football jokes. Merrill's claim may have been a joke to him, but we should like to have seen Merrill and La Crosse meet. A fact is that after that game the Merrill team, or Merrill's claim to the title would not have been such a joke.

This state football championship is some muddle. Every day brings new claimants into the running. At present, the following teams seem to have the best claims: Marinette, Superior, Wausau, Appleton, Appleton, La Crosse and Madison.

SIGEL GIRL HURT WHEN
AUTO AND BUGGY CRASH

Miss Sophia Gabur of Sigel had her leg broken in a series of accidents on the Seneca road Saturday night, a car first crashing into the rig in which she was riding and a second car frightening the horse a little later, the last accident resulting in the young lady's injuries. Miss Gabur was returning home from the dance at Seneca Corners with her brother, Charles Kuebler, who was also going home, struck the rig with his car. The rig was damaged but no one injured. Getting out of the rig to look things over Miss Gabur held the horse while her brother was fixing up the buggy. During the process of making these repairs a second car came along, frightening the horse. During the mixup Miss Gabur had her leg broken.

It was past midnight then and getting her into one of the machines the young lady was rushed to the hospital in this city where she was given medical attention and has since been getting along nicely.

Her brother received minor injuries an cuts but was not confined to the hospital.

DELINQUENT INCOME TAX
PAYERS BEING SOUGHT

If you are subject to a federal income tax and haven't paid it look out for Uncle Sam.

Ten stenographers will be put to work soon in the office of Paul A. Henning, superintendent of the Milwaukee Internal Revenue office, to type lists of all those who have made reports and payments.

In every postoffice in the state a list of the taxpayers will be posted alphabetically.

It is expected that the list will be examined by citizens and that those who are subject to the tax and have not paid will be reported by those who have complied with the law.

Amusements for Employees.

The secret of having thoughtful care for the amusement of employees is not a new discovery. It has been in use for more than a generation by one of the most successful department store proprietors now in this country. The "Bon Marche" also introduced the idea of Paris years ago. New York merchants arrange picnics and dances for their women and men clerks.

WILL EXTEND WORK
OF PUBLIC LIBRARY

Determined that more of the people should read books that have been lying on the shelves of the T. B. Scott Free Public Library, and that mechanics, artisans and tradesmen should derive some of the benefits that the institutions afford, Miss Oleo Solheim, librarian, has started a campaign to put the books into more general use. The matter will be taken up with manufacturers. Lists of books pertaining to their particular industry will be posted wherever the manufacturer will permit it on bulletin boards in the mill. Local business and professional men and manufacturers will be asked to read books particularly interesting to their line of business and will write a short review of the book. These reviews are to be published in local papers. Should the manufacturer or business man feel that the book would be of special interest to his employees he will be asked to recommend it to them.

A short review of "What Happened in Europe" by F. A. Vanderlip, the New York financier, appears with this article. Mr. Vanderlip went to Europe to study financial conditions and on his return voyage was wondering how he would manage to tell everyone what he discovered. He decided that the best way would be to write a book, which he did. The book is one of the most widely read books in New York today and enjoying an extraordinary run throughout the country. The review says:

"The author probably the best known financier in the United States, spent five months studying industry and financial conditions in Europe, meeting practically every leading statesman and every leader in the fields of finance, industry and labor. While the author states that the book was hastily written and constitutes 'a sort of talk I might give to a friend who cared for my impressions if there were an opportunity to converse at sufficient length,' it is clear, forcible and well written. It treats of existing conditions and its theme is that America, a producing nation, can prosper only when in Europe the consuming nations become prosperous and thus able to buy. He proposes radical action by creditor nations to meet the purely industrial goods of the borrowing nations."

Supl. E. G. Doudna, who has read a number of the later books received at the library, has written short reviews on them, which follow. It is hoped that by publishing these reviews more of the people will become interested and read the complete story. The reviews say:

One of the most popular books to be published in the last two years is "The Education of Henry Adams," an autobiography of one of the famous Adams family which has given the United States two presidents and a host of lesser lights. It has not been as widely read as Harold Bell Wright's novels, for it requires some thinking and a little preparation to read and get much out of it. It is not a formidable book; on the contrary it is full of brilliant comments. "Nothing in education is so astonishing as the ignorance it accumulates in the form of inert facts." His reverence for John Hay is most remarkable. With Hay's passing he ends his story. He died the day after the opening of the great German offensive of 1917, saying to his companion the day before his death: "Life has become almost intolerable." His story was intended for a limited circulation and was published at a prohibitive price. So remarkable was it as self-revelation that it has been in constant demand at the public libraries for more than a year. It is one of the half-dozen great autobiographies of all time.

Speaking to the Rotary Club of this city last Wednesday noon on the subject of libraries, John B. Ratton named several worth while books that have stimulated thinking people everywhere and which will lead others to think. Two of the more important ones are Arnold Bennett's "How to Live on Twenty-Four Hours a Day," and Gerald Stanley Lee's "Crowds." Bennett's book is short, and easily read. He makes a very clear case for the better use of time at our disposal, but he says "It is always the man who never gets out of bed who is the most difficult to rouse." His comments are directed principally at those individuals who "never have time." Many sage observations are here. "It is not well to chatter too much about what one is doing, and not to betray a top-painted sadness at the spectacle of a whole world deliberately wasting so many hours out of every day, and therefore never really living. It will be found ultimately, that in taking care of one's self one has quite all one can do."

"Crowds" is a book that many might call sociology if that were not so learned a term. It doesn't attempt to tell what everybody knows in language that nobody understands. Rather it is a clear and definite analysis of people collectively. It is divided into five books—Crowds and Machines, Lotting the Crowd be Good, Lotting the Crowd be Beautiful, Crowds and Horrors, Good News and Hard Work. "Crowds" is gratefully inscribed to a little Mountain, a great Meadow, and a Woman. To the Mountain for the sense of time, to Meadow for the sense of space, and to the Woman for the sense of everything. It must be read to be appreciated. Lee writes much of his philosophy for the Saturday Evening Post. It is always concrete, always interesting, and always thoughtful. The T. B. Scott Library has all of these books and many more. Life will be richer for all who read books worth while. Begin with Bennett, then try Lee, then you will be ready for Adams and many other great books now resting on the library shelves.

Mrs. O. Garrison and Mrs. Chas. Natwick departed on Wednesday for a two weeks visit in St. Paul and Minneapolis.

LEGION WILL ESTABLISH
PERMANENT CLUB ROOMS

At a meeting of the American Legion held at the Wood County Bank Building last Thursday evening a committee composed of Guy Nash, Dean Babcock and Fred Hart was appointed to look for a permanent headquarters and club rooms for the Charles Hagerstrom Post of the American Legion. The men feel that they want a place where they can gather any time they see fit and possibly later there will be pool or billiard tables installed, a piano or other furnishings that might entertain the members.

An entertainment committee to include Chester Severance, Floyd Lutz and Harold Hansen will take care of the entertainment features of the Legion, several things being planned which require the services of this committee.

The new membership committee includes A. R. Jackson, Walter Cahill, W. F. Huffman, Lawrence Brost, F. X. Pomalinville, A. C. Truit, Phil Eron, Val Stewart, Gilbert Hein, and Archie Glau.

The local legion took favorable action on the move on the part of the Central, Washington legion, in their stand against the L. W. W. They also drew up a resolution commending the action of the county board in appointing an ex-soldier to fill the unexpired term of Claus Johnson as County Treasurer. Ernest Matthews of the town of Sigel was served with the Thirty-Second Division, Ills Mr. Johnson's chair at the court house.

POSTAL EMPLOYEES
GET SALARY RAISE

Twenty-one employees of the Grand Rapids postoffice were given something to be thankful for this year when word came to Postmaster R. L. Nash from the department stating that there would be a general advance in the pay of the postal employees who were drawing less than \$2400 per year. The raise affects every employee in the office with the exception of the Postmaster himself, whose salary for the present will remain at the former figure. The raise varies from \$125 in some cases to \$200 per year for others. The total raise will mean an advance of about \$4,000 in the salaries of the twenty-one employees here. The advance took effect July first, 1919, which means that there will be some nice back pay checks.

The rural carriers came in for the heaviest advance on the advance when the figures showed that each of the eight rural carriers who take the mail to the country surrounding Grand Rapids were advanced \$200 per year. The rural carrier pay varied in different cases depending somewhat on the length of service and other qualifications. The pay under the new schedule will range from \$1500 to \$1820 per year. The city carriers were next in line on the advance their pay being advanced to \$1550 by the raise. Most of the five city carriers were drawing in the neighborhood of \$1400 before the new schedule went into effect. The salary advance in their case averaged about \$150. Seven clerks in the postoffice fared about the same as the city carriers, their raise averaging \$150 per year.

Substitutes were advanced in pay fifty percent, their forty cent an hour schedule raised to sixty cents per hour. This will raise the salary of the local substitutes \$400 per year but as the substitutes generally work only certain parts of the year as a class they will not average as heavily as the rural carriers.

The new advance pay is the outcome of the meetings held at Milwaukee and St. Paul by the Postmasters and representatives of Congress Postmaster Nash stated Tuesday.

"We asked that the men drawing salaries under \$2400 per year be given immediate relief," Mr. Nash stated, "and figured that the men who were paid over that figure could get along until a revision in the pay schedule was completed."

The new pay schedule is effective from July 1st, 1919, to July 1, 1920, after which there will be a complete revision of the pay. It is expected that the Postmasters will come in for an advance at that time if not before, as the department recognizes the fact that their salaries must be advanced to meet the increased cost of living.

The raise in pay at this time is a general raise, not based upon qualifications of the individual nor upon the length of service. It is purely a recognition of the fact that our employees must be paid more to meet their increased expenses.

BOYS JUDGED CATTLE

The boys of the Wood County Agricultural school went out to the Clark & Jackson farm in the town of Hansen on Tuesday where they judged cattle. The Clark & Jackson farm includes a number of the finest bred cattle in Central Wisconsin, which the students looked over. The work is in connection with their classes at the Agricultural school.

INCORPORATE NEW CHURCH

Incorporation papers for the Reformed Church of Vesper have been filed at the Register of Deeds office at the Court House. A transfer of property from the Reformed Church of Vesper to the Reformed Church is also recorded in that office. John Tor Maat, A. de Puy, Henry Homan and Benj. Ten Pas are the incorporators.

JUDGE REID HELD COURT

Judge Reid of Wausau was on the bench in the Circuit Court Chambers here Monday, listening to arguments in a real estate case which grew out of a deal in Green Lake County. The case was tried here for the convenience of the different parties. Atty. E. F. Kilson and Kelly, the former of Wautoma and the latter of Green Lake, were here on the case.

GOV'T. FOOD PRICES
TAKE ANOTHER DROP

Government foods and clothing are again being offered for sale by the local postoffice thru Postmaster R. L. Nash, the government having made a revision in the prices with the result that several articles are being offered at a more attractive figure.

The new prices are again bringing in many customers to the office for their supplies of food and for the clothing that the government is offering for sale. Postmaster Nash states:

Some of the articles that are being offered for sale and the prices which are being asked are:
Beacon 12 lb. tin, per tin.....\$2.75
Beacon in crates 100 lb., per lb.....20c
Beans, baked No. 1 each.....40c
Beans, baked No. 2 each.....30c
Beef, corned No. 1 each.....23c
Beef, corned No. 2.....45c
Beef, roast No. 1.....63c
Candies, new per lb.....20c
Chickens, 4 lb. tin.....70c
Corn, sweet No. 2.....30c
Flour, issue, 100 lb.....\$6.00
Hash, corned beef No. 1.....22c
Hash, corned beef No. 2.....37c
Peas, green No. 2.....90c
Pepper, 1 lb. tin.....90c
Tobacco, black eye, 1 lb.....45c
Tomatoes, No. 2.....80c
Tomatoes, No. 3.....11c
Tomatoes, No. 10.....33c

A revision in the clothing prices which were quoted previously in the Tribune shows that the figures on many articles have dropped. Instead of buying from the Chicago store where the government formerly transacted their clothing business, buyers are permitted to buy them thru the postmasters now, and the local office is now in a position to handle this business. The list of clothing offered which has been received by Postmaster Nash includes:

Knives, all rubber per pair.....\$2.25
Blankets, all wool per pair.....\$6.00
Boots, rubber hip.....\$5.25
Drawers, wool light winter.....\$1.00
Gloves, jersey knit.....20c
Kettles, camp with cover.....30c
Loggings, canvas.....75c
Socks, summer cotton.....15c
Socks, heavy wool per pair.....65c
Towels, bath.....45c
Towels, huck.....20c
Undershirts, summer.....50c

LOCALS BEAT MARSHFIELD
ON GRIDIRON SATURDAY

The local high school defeated the Marshfield team in their grounds last Saturday when LeRoux ran seventy yards for a touchdown in the last two minutes of play, making the only score of the game. Grand Rapids failed to kick goal and the score remained six to nothing in favor of Grand Rapids. The battle had become hopeless. Marshfield appeared very strong, taking the ball down to within a short distance of their goal several times, but always finding it impossible to score. The field was a very poor one, being both muddy and poorly placed. Trees near the goals and on the side lines hampered both teams.

The game was a series of fumbles and time after time Grand Rapids made good gains thru the speedy work of Plonke and Schlatterer on the ends. Resorting to a punting game Gaulke would send the ball down and try getting down fast on the kicks the ends recovered the ball for Grand Rapids several times when the Marshfield quarter fumbled.

The score came during the last quarter when Marshfield saw that their only chance to score was by resorting to forward passing. LeRoux intercepted a pass and well protected by interference he ran about seventy yards to the goal. He was tackled just across the goal line on a corner of the field. An attempt to kick goal failed.

HAS THIRTY-SIX CANDIDATES

At an examination held at the Lincoln School postmaster R. L. Nash secured fourteen additional candidates to take the census here in January, making a total of thirty-six for the southern half of the county. The candidates are mostly women with about two or three returned soldiers on the list. An effort was made to show preference to the returned soldiers but few wanted the job. It is stated that the census takers can make from \$5 to \$8 per day if they care to apply themselves.

HIGHWAY COMMITTEE MET

The new County Highway Committee met at the Court House on Tuesday, discussing their plans for next year. This was the first meeting of the newly appointed committee, which includes Harry Thomas, Sherry, George Brown, Pittsfield, and August Brooker, Marshfield.

ONLY ONE APPLICANT

An examination for rural carriers to work out of Auburndale was held at the postoffice in this city last Saturday. Homer Reinken being the only applicant. His papers were sent to Washington and as there is no one else after the position it is probably that Mr. Reinken will be appointed.

WILL BE MARRIED SOON

Miss Gertrude Kuntz, who recently returned from overseas service as a Red Cross nurse, and who has been visiting relatives in this city for several weeks, left the first of the week for Milwaukee where she will spend a few days. Later she will go to Ohio where she will marry a doctor whom she met while in the service abroad.

NOTICE

—My wife, Mrs. Hattie Yeager, having left my home, I will no longer be responsible for any debts contracted by her. Dated this 26th day of November, 1919.

William C. Yeager,
Town of Sigel.

FORGER GIVEN TWO YEARS;
JUDGE SUSPENDS SENTENCE

Admitting forging checks which totaled \$60 Mrs. Amelle Hamann appeared before Judge Park Monday morning. After listening to the testimony the Judge sentenced the woman two years at Waupun, one day a year to be in solitary confinement. After the sentence had been given the Judge suspended it and upon good behavior the woman will escape conviction.

Mrs. Hamann resides near Kellner. Last spring bogus checks appeared at some of the local stores. The matter was investigated and while two different people confessed the authorities were not satisfied that either had done it. They did not arrest anyone at that time but more bogus checks appeared this fall. The hand writing was similar to the previous checks and the sheriff and chief of police ran the matter to the ground.

Mrs. Hamann confessed when accused and in view of the fact that there were small children in the family and this was the first offense, sentence was suspended.

GO. TREASURER QUIT;
SOLDIER GIVEN JOB

Claus Johnson, County Treasurer, resigned his position last Thursday at the final meeting of the county board when the Board refused to advance the salary of his office. Ernest Matthews, a returned soldier was appointed to fill the vacancy left by Mr. Johnson's resignation.

Mr. Johnson appeared before the Board and explained the cost of clerk's hire left very little for the Treasurer on the present salary. He asked that it be advanced. The Board took the matter under consideration but decided that the expenses of the county were unusually heavy at this time anyway, and a raise was not practical. Mr. Johnson later turned in his resignation feeling that he would rather give up the office than continue on the present salary. On the motion of R. J. Straube, of Marshfield, Ernest Matthews, a returned soldier who resided in the town of Sigel for many years, was appointed. Mr. Matthews is a son of Mr. and Mrs. Julius Matthews, formerly of the town of Sigel but who now reside in this city. They the pioneer residents of that section and very well known.

Ernest has been employed in a garage at Marshfield for a while before the war broke out and upon its declaration he joined the infantry company at Marshfield. The company was later made a unit of the Thirty-Second division. Ernest saw considerable action, having been wounded at Chateau Thierry where he lost a leg. Upon his return to this country he again took up his duties with the Marshfield garage where he has been employed since that time.

Mr. Johnson has not decided what he will do as yet but contemplates doing a little traveling before he settles down to anything definite.

AMUNDSON WILL CONTRACT
HIGHWAY WORK NEXT YEAR

L. Amundson, who has served as County Highway Commissioner in Wood County for the past eight years will take a rest at the expiration of his office the first of the year, and will enter in the contracting business next spring.

During his term of office Wood County has built many miles of road, done thousands of dollars worth of grading, bridge, highway and culvert work. During this time the Commissioner was called upon constantly to watch the work and figure along with the contractor, the result being that he has a very good idea of what work costs and the best methods of putting it in.

The county has also done a good deal of work on the day labor system during Mr. Amundson's career as highway commissioner, the work being thoroughly successful. With his past experience and the abundance of work that will be done in Wisconsin the coming year Mr. Amundson should enjoy every success in the contracting business.

INJURED IN FOOTBALL GAME

Faye Robinson, a member of the high school football team, was rendered unconscious in the Marshfield-Grand Rapids football game Saturday when he was kicked in the head. He was taken to St. Joseph's hospital in that city and after a few hours regained consciousness. He was brought home Sunday by his brother who drove up after him. He has been able to be around the house since that time and is recovering nicely.

HOLD CHILDREN STORY HOUR

One of the winter features for the Public Library will be a Children's Story Hour, the first one of the year to be held Saturday afternoon at the library. The first and second grade story hour will be at two o'clock while the third and fourth grades will have their story hour at two-thirty. The Story Hours were conducted last year so successfully that accommodations could not be furnished for all the children that attended them.

ENTERTAINED TEACHERS

The teachers of the high school entertained for the teachers of the grades at the high school last Friday evening. The building had been attractively decorated and arranged for the occasion and a very entertaining time is reported.

INSPECTED HIGH SCHOOL

H. M. Goddard and F. C. Toulon, of Milwaukee, were in the city Monday inspecting the Lincoln High school. Later, the men, return a written report in regard to what conditions are found; the report to be published at a later date.

MACKINNON MFG. CO.
TO OPEN NEW PLANT

The Rice Lake branch of the MacKinnon Mfg. Co., of this city, will be opened about the first of the year, according to R. MacKinnon, associated with his father in the local concern. The new company will have an annual output of about one million spokes, 50,000 sets of hubs 10,000 sets of rims. The plant is in the process of construction at the present time and should be ready for operation about the first of January. It will be known as the MacKinnon Mfg. Co., of Rice Lake, and will be a branch factory. Another branch is located at Hamilton, Wis., is operating up to capacity, the local manufacturers say.

Lumber which will be furnished by the Illinois Lumber Co. will run the new Rice Lake plant for a period of fifteen years according to present predictions. Birch and oak are being used in extensively at the Hamilton plant and will be used at the new plant at Rice Lake.

R. MacKinnon, for many years at the head of the local company, and John Schnabel, Sr., associated with the Grand Rapids plants during its history, are spending several days at Rice Lake this week looking over the progress of the new manufacturing company.

Orders for wagons are keeping the plants very busy. Mr. MacKinnon stated on Monday, The Clintonville Four Wheel Drive Co., of Clintonville, Wis., has stated, are ordering a number of the MacKinnon wagons fitted with short tongues, the wagons being used as trailers for trucks. They are used very extensively down in the Texas oil country where the average auto trailer will not stand up due to excessive loads which are being carried. Many tons of piping are being rushed into that country to take care of the oil gushing from the newly discovered wells. Time is one of the greatest elements in the new oil business and few owners are willing to wait for a railroad to be built in to afford them transportation from the towns to the location of their wells. The trucks play an important role in the new business most of the freighting being done over the roads.

The quality of the wagons turned out by the local concerns has traveled throughout many states with the result that the truck company comes to Grand Rapids to get a trailer that will stand up under the most severe strain.

WHEN SHE WOKE UP IN THE
MORNING HUBBY WAS GONE

"When she woke up in the morning he was gone," is what Mrs. Ernestine Misch, of Babcock told Judge Park Monday when she applied for a divorce thru her attorney Chas. E. Briere.

Mr. and Mrs. Rudolph Misch were married about twenty-five years ago. They were married in the evening and things were fine until the next morning when Mrs. Misch woke up. Mr. Misch had disappeared during the night and up to the present time has failed to return.

Judge Park granted a divorce on a charge of desertion.

TAKES NEW POSITION

Ernie Andrew left the latter part of the week for Merrill, where he assumes management of the Badger hotel in that city. In connection with his new position, Mr. Andrew will have the management of the Badger Theatre there. Mr. Andrew has had considerable experience in both the hotel and theatre business, giving up a position with the Witter Hotel to accept the position with the Merrill firm. For a number of years he was connected with the Daly Theatre previous to the present ownership.

CONSIDERED BANK PLANS

Directors of the merged First National and Bank of Grand Rapids considered plans for their new banking building which is erected on the corner of Grand and Third avenues Tuesday, when the Chicago architects brought up several sets of plans for consideration. W. J. Taylor, of Kiel, the new cashier, was in the city going over the plans with stockholders. None of the plans submitted were accepted the result being that the architects returned to Chicago with them, and will return later with a set embodying the ideas of the directors.

SPOKE AT STEVENS POINT

Prof. M. H. Jackson addressed the students of Stevens Point Normal Monday evening, the subject of his address being "Ireland." In connection with the address Prof. Jackson of the State Normal showed more than one hundred slides which had been taken in Ireland.

INSTRUCTING IN PENMANSHIP

Miss Dickson, representing the Palmer Writing method, spent several days in the city schools this week, instructing the teachers in how to teach the Palmer method. She went thru both the grades and the high school.

NEW DISTRICT TREASURER

W. H. Reeves of this city is now treasurer of the Dancy drainage district, he having been appointed by Judge Reid as successor to Geo. M. Hill, resigned. Mr. Hill served for a few months but found that his numerous other business interests required his entire attention.

PLAN THANKSGIVING DANCE

The Elks have issued invitations for their annual Thanksgiving Ball, which will occur Thanksgiving night at their Club House. The affair is an annual one and will be the first of the kind for several years. The Elks Club's previous affairs having been cabaret feature parties.

CRANBERRY GROWERS LOST
CASE IN SUPREME COURT

A case at law which has been pending for some time was decided in supreme court of the state last week. The case arises out of an injunction procured by the Cranberry Creek Drainage District against the cranberry growers to the south and west of this city restraining the cranberry growers from allowing their flood waters to flow on down into the drainage district.

The cranberry growers dug a canal from Hamlock creek, south-east of Pittsville, to the marshes to be used as drainage water at any time when frosts threatened during the fall months of the year. After this water is used on the marshes to cover the vines it is allowed to run on down into the Cranberry district. The cranberry growers were beaten in circuit court and they took the decision of the lower court where the decision of the lower court has been upheld.

NEW POWER PLANT
FOR CONSOLIDATED

A complete new modern power plant for the Consolidated mill in this city will be erected next summer. The new plant will embody two immense vertical generators capable of producing 2400 horse power each, bringing the total of the power produced in the local plant up to 4,800 horse power. This is double the amount that it is capable of producing at the present time. The decision to make the improvements was reached at a meeting of the directors Tuesday.

The present power plant will be supplanted by a pulp grinding room, and the new power plant when completed will handle all the electrical apparatus. Modern types of vertical generators will be used in the new plant, which will be a model of its kind on the river. The new building will extend from the end of the present power house on the east side of the mill, and will be carried out into the river.

The decision to build the new plant follows the decision to install the new paper machine next summer, which will require more power than the mill has previously required. Work will be started in the spring and as the paper machine will be delivered in August according to present expectations, the power plant will probably be rushed.

With the additional power that will be available there it is probable that new industries can be furnished power at an attractive rate, and that there will be plenty to supply the demand for several years to come.

FOOLED BY AUTOMOBILE;
TURNED OVER; INJURED SIX

Walter Nelson, Eleanor Clegg, Shirley Clegg, Geraldine Lewis, Wilson Lewis, and Dena Lewis all of Appleton, near Nekeoma, were injured Monday when a car in which they were riding, and which had been tampered with, tipped over. Walter Nelson received a broken collar bone, Eleanor Clegg had her hip and spine injured, Shirley Clegg had her arm injured, Geraldine Lewis suffered a broken leg, Wilson Lewis suffered cuts about the head and Dena Lewis injured her hand in the accident. The car was owned by Claude Lewis.

Monday morning when Mr. Lewis went out to his garage he found that some one had been in the building during the night, stripped of the ignition box and threw away the switch. He called in Walter Nelson, a neighbor, who repaired the car. Taking a number of the Lewis family in the machine they started to try it out. After going a short distance the car swerved, turning completely over and landing bottom side up. An investigation revealed the fact that the radius rods had been loosened as well as the ignition. The entire party was brought to Nekeoma to be given medical attention and while there were no fatalities some of the people were injured quite severely.

COUNTY BOARD MEMBER
HURT IN AUTO MISHAP

Harry Thomas, of Sherry, who is well known thruout the county as a member of the County Board and a member of the County Highway Committee, had his face badly lacerated Tuesday morning when his car ran into the ditch on the Sigel road about three miles from the city. Mr. Thomas had turned out for a bicycle and had turned back into the road. The steering gear became stuck, steering the car directly for the ditch. Unable to stop the machine in the short distance it struck the ditch with considerable force, throwing Mr. Thomas against the front bow of the top. He came to this city where his injuries were dressed. No serious results are anticipated.

SAYS SIGEL LAND PAYS
FOR ITSELF EVERY YEAR

F. E. Brackman, who purchased the Fred Hill farm in the town of Sigel a few years ago, was a pleasant caller at the Tribune office Saturday. Mr. Brackman has no boys to help him with his work and states that he doesn't get to town very often as his big crops there keep him pretty busy during the growing and harvesting seasons. Mr. Brackman states that he has land from which the crop alone pays the original cost of the land every year. This season, he states, it paid for itself in corn and in previous years it has done the same thing in potatoes.

NEW BLUE BOOK OUT

The Tribune is in receipt of a new 1919 Blue Book, the compilations of Sen. I. P. Witter and Assemblyman Byron T. Whittingham, Wood County representatives in the state legislature. The Blue Book this year contains more than five hundred pages with the usual reports of state boards the results of recent elections and other data.

SOLD FIRST STREET HOME

James Bogie has sold his home on First street north to A. D. Hill, who is taking possession of the property. Mr. and Mrs. Bogie are moving into the house vacated by Mr. and Mrs. Hill.

TO DEVELOP LARGE
CRANBERRY MARSH

Capt. Guy Nash, Andrew Searis & Son, and P. J. Wood, will develop what promises to be the largest cranberry bog in the west and one of the largest in the United States. The tract of land is located north of Byron and includes a portion of the Spafford property and a portion of the Road Development tract which has been placed under cultivation during the past year by P. J. Wood. When completely developed the bog should contain from two hundred and fifty to three hundred acres and with even a reasonable crop should produce as high as 15,000 barrels a year. Later as the marsh is developed and under the proper care the production might double or in some

GRAND RAPIDS, WISCONSIN, NOVEMBER 27, 1919

DRUMB & SUTOR, Publishers

MERRILL THINKS LOSS TO GRAND RAPIDS WAS FLUKE

In discussing the right of Merrill's claims to the football title the Merrill Herald states that all the disinterested football deposters considered the victory of the local high school over the Merrill team as a fluke. Doubtless by the "disinterested" deposters. As far as was apparent there was nothing unusual about the game here, both teams playing good straight football, the better team coming out with the long end of the score. The only reason for the game ending in a dispute was because the visiting Merrill team refused to recognize the referee, which is certainly nothing to the credit of a team claiming Wisconsin's championship.

The fact that the Grand Rapids team played Stevens Point to a tie, coming within a few yards of scoring several times, and the fact that the winning team was a conclusively team was not a fluke. Merrill when they played with the Stevens Point team won on a kick from the thirty-five yard line, never getting closer than that to their own goal. It is admitted by the northern fans that Stevens Point had one of the strongest and steadiest teams in the upper end of Wisconsin, and that the team which they defeated by a conclusively team would indicate that the teams in this vicinity would not stand up very strong against the capital city team.

The Merrill Herald article says: "There is an effort being made by the various Wisconsin interscholastic football championship claimants to discredit the excellent record made by the local eleven during the past season. It seems that they have to resort to untrue statements in order to further their claims to the much coveted state title."

"The manager of the Appleton High eleven in a letter to the Sporting Editor of the Sentinel said that Stevens Point had six of their best men off the team the day that Merrill met them. 'The truth of the matter is that only two of the Purple and White were off. Merrill's eleven was a team of his being over age. The other was off, for reasons unknown to us, probably because of injuries received in some other game. He further states that the Merrill-Waukesha game settled nothing. He claims that Merrill had been beaten earlier in the season by Grand Rapids, while all disinterested football deposters took upon the Grand Rapids team as a fluke."

Rejoinder: The author of the article in his letter to the Sentinel when he said the following: "I do not believe that the Grand Rapids-Merrill game casts any black mark upon the record of the Merrill High for the referee in that game was clearly influenced by the threatening attitude of several hundred spectators, and after half an hour of wrangling changed a decision that according to all men of football was unalterable."

"The La Crosse Tribune and Leader-Press recently printed a long drawn out article concerning the Merrill-Grand Rapids game. The writer in the above mentioned article looked upon Merrill's claim to state title as one of the annual foot ball jokes. Merrill's claim may have been a joke to him, but we should like to have seen Merrill and La Crosse meet. A fact is that after the game the Merrill team, or Merrill's claim to the title would not have been such a joke."

"This state football championship is some muddle. Every day brings new claimants into the running. At present, the following teams seem to have the best claims: Marinette, Superior, Wausau, Appleton, Appleton, Appleton, La Crosse and Madison."

SIGEL GIRL HURT WHEN AUTO AND BUGGY CRASH

Miss Sophie Gabur of Sigel had her leg broken in a series of accidents on the Seneca Road Saturday night, a car first crashing into the ditch in which she was riding and a second car striking her, resulting in a little later, the most serious result, a broken leg. The young lady's injuries, Miss Gabur was returning home from the dance at Seneca Corners with her brother, Charles Eubinger, who was also going home, struck the rig with his car. The rig was damaged but no one injured. Getting out of the rig to look things over Miss Gabur held the horse while her brother was fixing up the buggy. During the process of making these repairs a second car came along, frightening the horse. During the mixup Miss Gabur had her leg broken.

It was past midnight then and getting her into one of the machines the young lady was rushed to the hospital in this city where she was given medical attention and has since been getting along nicely.

Her brother received minor injuries an cuts but was not confined to the hospital.

DELINQUENT INCOME TAX PAYERS BEING SOUGHT

If you are subject to a federal income tax and haven't paid it look out for Uncle Sam.

Ton stenographers will be put to work soon in the office of Paul A. Henny, superintendent of the Milwaukee Internal Revenue office, to type lists of all those who have made reports and payments.

In every postoffice in the state a list of the taxpayers will be posted alphabetically.

It is expected that the list will be examined by citizens and that those who are subject to the tax and have not paid will be reported by those who have complied with the law.

Amusements for Employees.

The secret of having thoughtful care for the amusement of employees is not a new discovery. It has been known for more than a century by one of the most successful department store proprietors now in this country. The "Bon Marche" also introduced the idea in Paris years ago. New York merchants arrange picnics and dances for their woman and man clerks.

WILL EXTEND WORK OF PUBLIC LIBRARY

Determined that more of the people should read books that have been lying on the shelves of the T. B. Scott Free Public Library, and that mechanics, artisans and tradesmen should derive some of the benefit that the institutions afford, Miss Olea Scheldin, librarian, has started a campaign to put the books into more general use. The matter will be taken up with manufacturers. Lists of books pertaining to their particular industry will be posted wherever the manufacturer will permit it on bulletin boards in the mill. Local business and professional men and manufacturers will be asked to read books particularly interesting to their line of business and will write a short review of the book. These reviews are to be published in local papers. Should the manufacturer or business man feel that the book would be of especial interest to his employees he will be asked to recommend it to them.

A short review of "What Happened in Europe" by P. A. Vanderbilt, the New York financier, appears with this article. Mr. Vanderbilt is now in Europe to study financial conditions and on his return would manage to tell everyone what he discovered. He decided that the best way would be to write a book, which he did. The book is one of the most widely read books in New York today and enjoying an extraordinary run throughout the country. The review says:

"The author probably the best known financier in the United States, spent five months studying industry and financial conditions in Europe, meeting practically every leading statesman and every leader in the fields of finance, industry and labor. While the author states that the book was hastily written and constitutes 'a sort of talk I might give to a friend who cared for my impressions if there were an opportunity to converse at sufficient length,' it is a forceful and well written treatise of existing conditions and its trends in that America, a producing nation, can prosper only when in Europe the consuming nations become prosperous and thus able to buy. He proposes united action by creditor nations to meet the purely industrial needs of the borrowing nations."

Supt. E. G. Doudna, who has read a number of the later books received at the library, has written a review of this book, which follows. It is in that by publishing these reviews more of the people will become interested and read the complete story. The reviews say:

One of the most popular books to be published in the last two years is "The Education of Henry Adams," an autobiography of one of the famous Adams family which was written by the United States two presidents and a son of John Adams. It has not been as widely read as Harold Bell Wright's novels, for it requires some thinking and a little preparation to read and get much out of it. It is not a formidable book; on the contrary it is full of brilliant comments. "Nothing in education is so astonishing as the ignorance it accumulates in the form of inert facts." His reverence for John Hay is most remarkable. With Hay's passing he died his story. He died the day after the opening of the great German offensive of 1917, saying to his companion the day before his death: "Life has become almost intolerable." His story was intended for a limited circulation and was published at a prohibitive price. So remarkable was it as self-revelation that it has been in constant demand at the public libraries more than a year. It is one of the half-dozen great autobiographies of all time.

Speaking to the Rotary Club of this city last Wednesday noon on the subject of libraries, John B. Ratton named several white books that have stimulated thinking people everywhere and which will lead others to think. Two of the more important ones are Arnold Bennett's "How to Live on Twenty-Four Hours a Day," and Gertrude Stein's "Crowds." Bennett's book is short and easily read. He makes a very clear case for the better use of the time at our disposal, but he says "It is always the man who never gets out of bed who is the most difficult to rouse." His comments are directed principally at those individuals who "never have time." Many sage observations are here about what is doing, and not to betray a too-pained sadness at the spectacle of a whole world deliberately wasting so many hours out of every day, and therefore never really living. It will be found ultimately, that in taking care of one's self one has quite all one can do."

"Crowds" is a book that many might call sociology if that were not so long a term. It doesn't attempt to tell what everybody knows in language that nobody understands. Rather it is a clear and definite analysis of people collectively. It is divided into five books—Crowds and Machines, Letting the Crowd be Good, Letting the Crowd be Beautiful, Crowds and Heroes, Good News and Hard Work. "Crowds" is gratefully inscribed to a little Mountain, a great Meadow, and to the sense of time, to the Woman for the sense of space, and to the Woman for the sense of everything." It must be read to be appreciated. Lee writes much of his philosophy for the Saturday Evening Post. It is always concrete, always interesting, and always thoughtful. The T. B. Scott Library has all of these books and all who read books will be richer for all who read books worth while. Begin with Bennett, then try Lee, then you will be ready for Adams and many other great books now resting on the library shelves.

Mrs. O. Garrison and Mrs. Chas. Natwick departed on Wednesday for a two weeks visit in St. Paul and Minneapolis.

LEGION WILL ESTABLISH PERMANENT CLUB ROOMS

At a meeting of the American Legion held at the Wood County Bank Building last Thursday evening a committee composed of Guy Nash, Dean Babcock and Fred Hartl was appointed to look for a permanent headquarters and club rooms for the Charles Hagerstrom Post of the American Legion. The men feel that they want a place where they can gather at any time they see fit and possibly later there will be pool or billiard tables installed, a piano or other furnishings that might entertain the members.

An entertainment committee to include Chester Severance, Floyd Lutz and Harold Hansen will take care of the entertainment features of the Legion, several things being planned which require the services of this committee.

The new membership committee includes A. R. Jackson, Walter Cahill, W. F. Huffman, Lawrence Cabot, F. X. Pomainville, A. C. Truit, Phil Eron, Val Stewart, Gilbert Hein, and Archie Giese.

The local legion took favorable action on the move on the part of the Centralia, Washington legion, their stand against the I. W. W. They also drew up a resolution commending the action of the county Board in appointing an ex-soldier to fill the unexpired term of Claus Johnson as County Treasurer. Ernest Matthews of the town of Sigel who served with the Thirty-Second Division, fills Mr. Johnson's chair at the court house.

POSTAL EMPLOYEES GET SALARY RAISE

Twenty-one employees of the Grand Rapids postoffice were given something to be thankful for this year when word came to Postmaster R. L. Nash from the department stating that there would be a general advance in the pay of the postal employees who were drawing less than \$2400 per year. The raise affects every employee in the office with the exception of the postmaster himself, whose salary for the present year will remain at the former figure. The raise varies from \$125 in some cases to \$200 per year for others. The total raise will mean an advance of about \$4,000 in the salaries of the twenty-one employees here. The advance took effect July first, 1919, which means that there will be some nice back pay checks.

The rural carriers came in for the heaviest advance on the pay scale. The figures showed that each of the eight rural carriers who take the mail to the country surrounding Grand Rapids were advanced \$200 apiece for the year. The rural carrier pay varied in different cases depending somewhat on the length of service and other qualifications. They will pay under the new schedule will range from \$1500 to \$1850 per year.

The city carriers were next in line on the advance their pay being advanced to \$1560 by the raise. Most of the five-city carriers were drawing in the neighborhood of \$1400 before the new schedule went into effect. The salary advance in their case averaged about \$160. Seven clerks in the postoffice fared about the same as the city carriers, their raise averaging \$130 per year. Substitutes were advanced in pay after the city carriers, their pay schedule raised to sixty cents per hour. This will raise the salary of the local substitutes \$400 per year but as the substitutes generally work only certain parts of the year as a class they will not average as heavily as the rural carriers.

The new advance in pay is the outgrowth of the meetings held at Milwaukee and St. Paul by the masters and representatives of Congress Postmaster Nash stated Tuesday.

We asked that the men drawing salaries under \$2400 per year be given immediate relief," Mr. Nash stated, "and figured that the men who were paid over that figure could get along until a revision in the pay schedule was completed."

The new pay schedule is effective from July 1st, 1919, to \$1920, after which time there will be a complete revision of the pay. It is expected that the Postmasters will come in for an advance at that time if not before, as the department recognizes the fact that their salaries must be advanced to meet the increased cost of living.

The raise in pay at this time is a general raise, not based upon qualifications of the individual nor upon length of service. It is merely a recognition of the fact that there employees must be paid more to meet their increased expenses.

BOYS JUDGED CATTLE

The boys of the Wood County Agricultural school went out to the Clark & Jackson farm in the town of Hansen on Tuesday where they judged cattle. The Clark & Jackson farm includes a number of the finest bred cattle in Central Wisconsin, which the students looked over. The work is in connection with their classes at the Agricultural school.

INCORPORATE NEW CHURCH

Incorporation papers for the Reformed Church of Vesper have been filed at the Register of Deeds office at the Court House. A transfer of property from the Reform Church of Vesper to the Reformed Church is also recorded in that office. John Ter Maat, A. de Puyt, Henry Homan and Benj. Ten Pas are the incorporators.

JUDGE REID HELD COURT

Judge Reid of Wausau was on the bench in the Circuit Court Chambers here Monday, listening to arguments in a real estate case which grew out of a deal in Green Lake County. The case was tried here for the convenience of the different parties. Atty. E. F. Kilen and Kelly, the former of Wautoma and the latter of Green Lake, were here on the case.

GOV'T. FOOD PRICES TAKE ANOTHER DROP

Government foods and clothing are again being offered for sale by the local postoffice thru Postmaster R. L. Nash, the government having made a revision in the prices with the result that several articles are being offered at a more attractive price. The new prices are again bringing in many customers to the office for the supplies of food and for the clothing that the government is offering for sale, Postmaster Nash states.

Some of the articles that are being offered for sale and the prices which are being asked are: Bacon 12 lb. tins, per tin...\$2.75 Bacon in crates 100 lb., per lb...20c Beans, baked No. 3 each...40c Beans, corned No. 3 each...23c Beef, corned No. 2...45c Beef, roast No. 2...63c Candles, new per lb...20c Cinnamon 4 lb. tins...70c Corn, sweet No. 2...90c Flour issue, 100 lb...\$6.00 Hash, corned beef No. 1...22c Hash, corned beef No. 2...37c Peas, green No. 2...30c Pepper 4 lb. tins...45c Tea, black Eng. Brkfst...45c Tomatoes, No. 2...80c Tomatoes, No. 3...11c Tomatoes, No. 1...33c

A revision in the clothing prices which were quoted previously in the Tribune shows that the figures on many articles have dropped. Instead of buying from the Chicago store where the government formerly transacted their clothing business, buyers are permitted to buy them thru the postmasters and the local office business. The list of clothing offered for sale has been received by Postmaster Nash includes:

Arctics all rubber per pair...\$2.25 Blankets, all wool per pair...\$6.00 Boots, rubber hip...\$5.25 Drawers, wool light winter...\$1.00 Gloves Jersey knit...20c Kettles, camp with cover...80c Leggings, canvas...75c Socks, heavy wool per pair...55c Towels, bath...45c Towels, hand...20c Undershirts, summer...50c

LOCALS BEAT MARSHFIELD ON GRIDIRON SATURDAY

The local high school defeated the Marshfield team in their grounds last Saturday when LeRoux ran several yards for a touchdown in the last two minutes of play, making the only score of the game. Grand Rapids failed to kick goal and the score remained six to nothing in favor of Grand Rapids. The battle had become listless. Marshfield appeared very strong, taking the ball down to within a short distance of their goal several times, but always finding it impossible to score. The field was a very poor one, being both muddy and poorly placed. Trees near the goals and on the side lines hampered both teams.

The game was a series of fumbles and time after time Grand Rapids made good gains thru the speedy work of Plenke and Schlatterer on the ends. Resorting to a punt game Gaulek would send the ball down and try getting down fast on the kicks the ends recovered the ball for Grand Rapids several times when the Marshfield quarter fumbled.

The score came during the last quarter when Marshfield saw that their only chance to score was by resorting to forward passing. LeRoux intercepted a pass and well protected by interference, he ran for about seventy yards to the goal. He was tackled just across the goal line and the corner of the field. An attempt to kick goal failed.

HAS THIRTY-SIX CANDIDATES

At an examination held at the Lincoln school postmaster R. L. Nash secured fourteen candidates for the position of rural carrier here in January, making a total of thirty-six for the southern half of the county.

The candidates are mostly women with about two or three returned soldiers on the list. An effort was made to show preference to the returned soldiers but few wanted the job. It is stated that the census takers can make from \$5 to \$6 per day if they care to apply themselves.

HIGHWAY COMMITTEE MET

The new County Highway Committee met at the Court House on Tuesday, discussing their plans for next year. This was the first meeting of the newly appointed committee, which included Harry Thomas, Sheriff George Brown, Pittsville; and August Brooker, Marshfield.

ONLY ONE APPLICANT

An examination for rural carriers to work out of Auburndale was held at the postoffice in this city last Saturday. Henry Reiman being the only applicant. His papers were sent to Washington and as there is no one after the position it is probably that Mr. Reiman will be appointed. The vacancy exists now and the work will start as soon as the appointment is made.

WILL BE MARRIED SOON

Miss Gertrude Kuntz, who recently returned from overseas service as a Red Cross nurse, and who has been visiting relatives in this city for several weeks, left the first of the week for Milwaukee where she will spend a few days. Later she will go to Ohio where she will marry a doctor whom she met while in the service abroad.

NOTICE!

My wife, Mrs. Hattie Yaeger, having left my home, I will no longer be responsible for any debts contracted by her. Dated this 26th day of November, 1919. William C. Yaeger, Town of Sigel.

FORGER GIVEN TWO YEARS; JUDGE SUSPENDS SENTENCE

Admitting forging checks which totaled \$50 Mrs. Annie Hamann appeared before Judge Park Monday morning. After listening to the testimony the Judge sentenced the woman two years at Waupun, one day a year to be in solitary confinement. After the sentence had been given the Judge suspended it and upon good behavior the woman will escape conviction.

Mrs. Hamann resides near Kellen. Last spring bogus checks appeared at some of the local stores. The matter was investigated and while two different people confessed that they were the guilty parties the authorities were not satisfied that either had done it. They did not arrest anyone at that time but more bogus checks appeared this fall. The hand writing was similar to the previous checks and the sheriff and chief of police ran the matter to the ground.

Mrs. Hamann confessed when accused and in view of the fact that there were small children in the family and this was the first offense, sentence was suspended.

CO. TREASURER QUILTS; SOLDIER GIVEN JOB

Claus Johnson, County Treasurer, resigned his position last Thursday at the final meeting of the county board when the Board refused to advance the salary of his office. Ernest Matthews, a returned soldier was appointed to fill the vacancy left by Mr. Johnson's resignation.

Mr. Johnson appeared before the Board and explained the cost of the clerk's hire left very little for the Treasurer on the present salary. He asked that it be advanced. The Board took the matter under consideration but decided that the expenses of the county were unusually heavy at this time anyway, and a raise was not practical. Mr. Johnson later turned in his resignation feeling that he would rather give up the office than continue on the present salary.

On the motion of R. J. Straus, of Marshfield, Ernest Matthews, a returned soldier who resided in the town of Sigel for many years, was pointed out by Mr. Straus as a son of Mr. and Mrs. Julius Matthews, formerly of the town of Sigel but who now reside in this city. They the pioneer residents of that section and very well known.

Ernest has been employed in a garage at Marshfield for a while before the war broke out and upon its declaration he joined the infantry company at Marshfield. The company was made a unit of the Thirty-Second division. Ernest saw considerable action, having been wounded at Chateau Thierry where he lost a leg. Upon his return to this country he again took up his duties with the Marshfield garage where he has been employed since that time.

Mr. Johnson has not decided what he will do as yet, but he contemplates doing a little traveling before he settles down to anything definite.

AMUNDSON WILL CONTRACT HIGHWAY WORK NEXT YEAR

L. Amundson, who has served as County Highway Commissioner in Wood County for the past eight years, will take a rest at the expiration of his term at the end of the year, and will enter in the contracting business next spring.

During his term of office Wood County has built many miles of road, done thousands of dollars worth of grading, bridge, highway and culvert work. During this time the Commissioner was called upon constantly to watch the work and figure along with the contractor, the result being that he has a very good idea of what work costs and the best method of putting it in.

The county has also done a good deal of work on the day labor system during Mr. Amundson's career as highway commissioner, the work being thoroughly successful. With his past experience and the abundance of work that will be done in Wisconsin the coming year Mr. Amundson should enjoy every success in the contracting business.

INJURED IN FOOTBALL GAME

Faye Robinson, a member of the high school football team, was rendered unconscious in the Marshfield-Grand Rapids football game Saturday when he was kicked in the head. He was taken to St. Joseph's hospital in that city and after a few hours was brought home Sunday by his brother who drove up after him. He has been able to be around the house since that time and is recovering nicely.

HOLD CHILDREN STORY HOUR

One of the winter features for the Public Library will be a Children's Story Hour, the first one of the year to be held Saturday afternoon at the Library. The first and second grades story hour will be at two o'clock while the third and fourth grades will have their story hour at two-thirty. The Story Hours were conducted last year so successfully that accommodations could not be furnished for all the children that attended them.

ENTERTAINED TEACHERS

The teachers of the high school entertained for the teachers of the grades at the high school last Friday evening. The building had been attractively decorated and arranged for the occasion and a very entertaining time is reported.

INSPECTED HIGH SCHOOL

H. M. Goddard and F. C. Toulton, of Milwaukee, were in the city Monday inspecting the Lincoln High school. Later, the men returned, a written report in regard to what conditions are found, the report to be published at a later date.

MACKINNON MFG. CO. TO OPEN NEW PLANT

The Rice Lake branch of the Mackinnon Mfg. Co., of this city, will be opened about the first of the year, according to R. Mackinnon, associated with his father in the local concern. The new company will have an annual output of about one million spokes, 50,000 sets of hubs, 10,000 sets of rims. The plant is in the process of construction at the present time and should be ready for operation about the first of January. It will be known as the Mackinnon Mfg. Co., of Rice Lake and will be a branch factory. Another branch is located at Hanibal, Wis., is operating up to capacity, the local manufacturers say.

Lumber which will be furnished by the Hines Lumber Co. will run the new Rice Lake plant for a period of fifteen years according to present predictions. Birch and oak are being used extensively at the Hanibal plant and will be used at the new plant at Rice Lake.

R. Mackinnon, for many years at the head of the local company, and John Schnabel, Sr., associated with the Grand Rapids plants during its history, are spending several days at Rice Lake this week looking over the progress of the new manufacturing company.

Orders for wagons are keeping the plants very busy. Mr. Mackinnon stated on Monday. The Clintonville Four Wheel Drive Co., of Clintonville, Wis., he stated, are ordering a number of the Mackinnon wagons fitted with short tongues, the wagons being used as trailers for trucks.

They are used very extensively down in the Texas oil country where the average auto trailer will not stand up due to excessive loads which are being carried. Many tons of piping are being rushed into the country to take care of the oil gushing from the newly discovered wells. Time is one of the greatest elements in this new oil business and few owners are willing to wait for a railroad to be built in to afford them transportation from the towns to the location of their wells. The trucks play an important role in the new business most of the freight being done over the roads.

The quality of the wagons turned out by the local concerns has traveled through many states with the result that the truck company comes to Grand Rapids to get a trailer that will stand up under the most severe strain.

WHEN SHE WOKE UP IN THE MORNING HUSBY WAS GONE

"When she woke up in the morning he was gone," is what Mrs. Ernest Misch, of Babcock told Judge Park Monday when she applied for a divorce thru her attorney Chas. E. Briere.

Mr. and Mrs. Rudolph Misch were married about twenty-five years ago. They were married in the evening and things were fine until the next morning when Mrs. Misch woke up and found her husband gone. The night and up to the present time has failed to return.

Judge Park granted a divorce on a charge of desertion.

TAKES NEW POSITION

Ernie Andrew left the latter part of the week for Merrill, where he assumes management of the Badger hotel in that city. In connection with his new position, Mr. Andrew will have the management of the Badger Theatre there. Mr. Andrew has had considerable experience in both the hotel and theatre business, giving up a position with the Witter Hotel to accept the position with the Merrill firm. For a number of years he was connected with the Daly Theatre previous to the present ownership.

CONSIDERED BANK PLANS

Directors of the merged First National and Bank of Grand Rapids considered plans for their new banking building which is erected on the corner of Grand and Third avenues Tuesday, when the Chicago architects brought up several sets of plans for consideration. W. J. Taylor, of Kiel, the new cashier, was in the city going over the plans with stockholders. None of the plans submitted were accepted the night being that the directors returned to Chicago with them, and will return later with a set embodying the ideas of the directors.

SPOKE AT STEVENS POINT

Prof. M. H. Jackson addressed the students of Stevens Point Normal Monday evening, the subject of his address being "Ireland in the South." The address was given in the State Normal showed more than one hundred slides which had been taken in Ireland.

INSTRUCTING IN PENMANSHIP

Miss Dickson, representing the Palmer Writing method, spent several days in the city schools this week, instructing the teachers in how to teach the Palmer method. She went thru both the grades and the high school.

NEW DISTRICT TREASURER

W. H. Reeves of this city is now treasurer of the Dancy drainage district, he having been appointed by Judge Reid as successor to Geo. M. Hill, resigned. Mr. Hill served for a few months but had other business interests required his entire attention.

PLAN THANKSGIVING DANCE

The Elks have issued invitations for their annual Thanksgiving Ball, which will occur Thanksgiving night at their Club House. The affair is an annual one and will be the first of the kind for several years. The dancing party of the season will be the Elks Club, previous affairs having been cabaret feature parties.

CRANBERRY GROWERS LOST CASE IN SUPREME COURT

A case at law which has been pending for some time was decided in supreme court of the state last week. The case arises out of an injunction procured by the Cranberry Creek Drainage District against the cranberry growers to the south and west of the city restraining the cranberry growers from allowing their flood waters to flow on down into the drainage district.

The cranberry growers dug a canal from Hemlock creek, south-east of Pittsville, to the marshes to be used as drainage water at any time when frosts threatened during the fall months of the year. After this water is used on the marshes to cover the vines it is allowed to run down into the Cranberry district. The cranberry growers were beaten in circuit court and they took the case to the supreme court where the decision of the lower court has been upheld.

NEW POWER PLANT FOR CONSOLIDATED

A complete new modern power plant for the Consolidated mill in this city will be erected next summer. The new plant will consist of two immense concrete generators capable of producing 2400 horse power each, bringing the total of the power produced in the local plant up to 4,800 horse power. This is double the amount that it is capable of producing at the present time. The decision to make the improvements was reached at a meeting of the directors Tuesday.

The present power plant will be supplanted by a pulp grinding room, and the new power plant when completed will handle all the electrical apparatus. Modern types of vertical generators will be used in the new plant, which will be a model of its kind on the river. The new building will extend from the end of the present power house on the east side of the mill, and will be carried out into the river.

The decision to build the new plant follows the decision to install the new sawing machine next summer, which will require more power than the mill has previously required. Work will be started in the spring and as the paper machine will be delivered in August according to present expectations, the power plant will probably be rushed.

With the additional power that will be available there it is probable that new industries can be furnished with power at an attractive rate, and that there will be plenty to supply the demand for several years to come.

FOOLED WITH AUTOMOBILE; TURNED OVER; INJURED SIX

Walter Nelson, Eleanor Clegg, Shirley Clegg, Geraldine Lewis, William Nelson and Dena Lewis, all of Ardena, near Nekosha, were injured Monday when a car in which they were riding, and which had been tampered with, tipped over. Walter Nelson received a broken collar bone, Eleanor Clegg had her hip and spine injured, Shirley Clegg had her arm injured, Geraldine Lewis suffered a broken leg, William Nelson suffered cuts about the head and Dena Lewis injured her hand in the accident. The car was owned by Claude Lewis.

Monday morning when Mr. Lewis went out to his garage he found that some one had been in the building during the night, stripped of the ignition box and threw away the switch. He called in Walter Nelson, a neighbor, who repaired the car. Taking a number of the Lewis family in the machine they started to drive to the city going a short distance the car swerved turning completely over and landing bottom side up. An investigation revealed the fact that the radius rods had been loosened as well as the ignition.

The entire party was brought to Nekosha to be given medical attention and while there were no fatalities some of the people were injured quite severely.

COUNTY BOARD MEMBER HURT IN AUTO MISHAP

Harry Thomas, of Sherry, who is well known thruout the county as a member of the County Board and a member of the County Highway Committee, had his face badly lacerated Tuesday morning when his car ran into the ditch on the road about five miles from the city. Mr. Thomas had turned out for a bicycle and had turned back into the road. The steering gear became stuck, steering the car directly for the ditch. Unable to stop the machine in the short distance it struck the ditch with considerable force, throwing Mr. Thomas against the front bow of the top. He came to this city where his injuries are anticipated. No serious results are anticipated.

SAYS SIGEL LAND PAYS FOR ITSELF EVERY YEAR

F. E. Brackman, who purchased the Fred Hill farm in the town of Sigel a few years ago, was a pleasant caller at the Tribune office last week. Mr. Brackman has a son, a boy to help him with his work and states that his big crops out there keep him pretty busy during the growing and harvesting seasons. Mr. Brackman states that he has land from which the crop alone pays the original cost of the land every year. This season, he states, it paid for itself in corn and in previous years it has done the same thing in potatoes.

NEW BLUE BOOK OUT

The Tribune is in receipt of a new 1919 Blue Book, the compilations of Sen. I. P. Witter and Assemblyman Byron T. Whittingham, Wood County's representatives in the state legislature. The Blue Book, this year, contains more than five hundred pages with the usual reports of state boards, with the results of recent elections and other data.

MISS JESSIE WELLES, one of the visiting librarians of the state, spent Saturday in the city with Miss Scholm, local librarian. While here Miss Welles looked into the matter of establishing a west side branch library on the matter and stating that in her opinion the branch would be a great benefit to the library service. Miss Welles is an instructor in the Wisconsin Library School at Madison in addition to her work around the state.

PRINCE OF WALES, CALLED WORD DURING THE PAST WEEK THAT THEIR SON-IN-LAW, LIEUT. COMMANDER LANSDOWNE, HAD BEEN DECORATED BY THE PRINCE OF WALES at Washington, being given the British Air Cross for conspicuous service in the Naval Aviation service abroad. Lt. Commander Lansdowne is well known here having visited with the MacKinnon family shortly after his trip across the Atlantic in the R-34. He had also visited here numerous other times. Commander Lansdowne is probably the only American aviator that has ever been awarded this British Air Cross while in the American service, at least in the naval aviation department.

At the present time he is located at Akron, Ohio, where he has been disposing of the governments aero fields which was located on the grounds of one of the large rubber companies in that city.

HUNTED WITH DOG, FINED DELCO LIGHT USERS MET AT MARSHFIELD SATURDAY

About one hundred of the progressive farmers of this and neighboring counties gathered at Marshfield Saturday where they held the first Delco Light Convention under the auspices of the Marshfield Electric Company. Interesting testimonial were given by different farmers, one stating that he had recently sold his farm, which had been Delco Light equipped for more than two years, and that he was building a new home which would be similarly equipped.

Mr. Levy, vice president of the distributing company in Chicago, was one of the principal speakers. Mr. Gladstone, sales manager of the Chicago company also speaking. Representatives of Marshfield spoke on the service the plants were rendering in different localities.

W. W. Clark, county agricultural agent, spoke of the need of lights and water under pressure on the modern farm. One of the interesting features for the company was that every customer present stated that he was satisfied with the service he was getting. Clark Lyon and O. D. Robinson, local Delco dealers, stated

OF C. GIVE THEIR WAR FUND ACCOUNT

During the 12 months ended June 30, 1919, the Knights of Columbus spent on war relief work \$16,794, 562.41. This amount was subdivided as follows:

For work in the United States, \$5, 468,060.79.

For work overseas, \$5,550,082.62.

On free creature comforts, \$7, 000,000.

For administrative purposes, care and distribution of funds, \$166,616. 76. This last sum was more than derived from cash discounts for prompt payment of merchandise bills.

Of the above portion Wisconsin contributed \$324,346.53 against which no expense was charged. Every dollar collected was sent to supreme headquarters for the use of the boys in service. The expense in connection with the securing of this contribution was paid out of the state council funds and totalled less than \$400.

Thanksgiving! It means so much this fall. There are so many things to be thankful for.

You're thankful for all the good things which this great country provides—food shelter, safety, freedom; everything in a greater measure than anywhere on earth.

We're thankful because we have been able to provide so fully and efficiently the needs of the men of this community; thankful because we have been able to provide good things to wear, good values, fine service.

We are thankful for the confidence which the people have reposed in us.

Everybody ought to be thankful—more than ever before.

MAKING IT PLEASANT FOR THE TOURIST

It might be a good thing for the city if the people of Grand Rapids should follow the lead of other cities in the country and establish camping grounds for automobile tourists in the city and advertise the fact so that people who are touring thru the country would know that we not only welcome tourists to our city, but that we are willing to spend a little money to get them to stop over here.

Several cities in the west have established camping grounds for tourists, and in some places they furnish the tourist 'wood with which to build camp fires, electricity to light the grounds, with water for the use of the campers, toilet rooms and appointments that might prove of use to people who are traveling thru the country and camping by the way.

There are many people touring these days who are not rich people. They carry all the equipment with them for making a camp, and some of them prefer to stop out in the country, while others would like better to stop in a town or city, and it would be for the purpose of catching this latter class that camping grounds would be established. There is no indication that the number of tourists will decrease, but rather that they are going to increase, as is evidenced by the number of outfits are being manufactured and sold by dozens of different concerns thruout the country.

We do not know just where would be a feasible place to establish such grounds, but no doubt it would be possible to find such a place in close proximity to the city where such accommodations could be fixed up without any great expenditure of money. We have the best water to be found anywhere in the world, plenty of electric light, and there is still wood enough in the country so that this part of it could be attended to without any trouble. The soil in this vicinity is ideal for camping purposes, being of a sandy nature and much better than a clay soil, and there is no reason why we should not make this part of the city an attractive feature for tourists. Wausau has established such a camping grounds, and there is no reason why Grand Rapids, it is desirable to catch this class of trade, should not do the same thing.

EAST NEKOOSA
Mrs. Geo. Winkler is on the sick list this week.

Peter Floss did carpenter work for Frank McGaughey at Nekoosa one day last week.

Walter Tesser left Saturday noon for Tomah and Finley where he will take charge of a large saw job. Mr. George Winkler has been engaged as head Sawyer.

Flanegan Boyles spent Sunday at her home here.

Miss Florence Wright of Nekoosa spent Sunday with his friend, Miss Leona Floss.

Geo. Winkler was a business visitor in Neoculm Friday and Saturday.

Robert Lukin is employed at the Tesser farm for a few days.

Lloyd Floss who is employed at Jancaville is expected home to spend the holidays.

Mrs. Ida Cooper and children are staying at the Putor Splinth home during the absence of her sister, Mrs. Splinth.

FOR QUICK RESULTS—List your farms and cut over lands with Gildorf Land Co., Green Bay, Wis.

VESPER
(From the State Center)

P. H. Likos was in the village Friday for the first time since his return from Y. M. C. A. work overseas. Mr. Likos is somewhat undecided what he will do for the present, but eventually expects to go back to the farm in Pleasant Hill. Mr. Likos has one of the best collections of war relics in Wood county.

According to the decision of the county board last week, the proposed highway to be connected from Grand Rapids next season will be the old county road thru Sigel to Vesper where it will pick up line 13 to Marshfield. This leaves a gap of two miles between Right Corners and Vesper which the authorities promise to have graded.

W. H. Schmitt moved his family to Vesper this week and are now occupying the Paul Byron residence.

SHERRY
As our Sherry correspondent has bid us 'au revoir' I thought I would send in a few items to show that Sherry is still on the map.

The smiling face of Carl Deek is seen once more in our little burg as he has returned home from Port Edwards.

Most of the young men from here started early Friday morning to get a deer.

H. A. Thomas has returned home from Grand Rapids where he has been attending the county board the last two weeks.

Mr. and Mrs. R. Parks were taking in the sights of Grand Rapids Friday. Miss Jennie Tjepkema is staying a few days with her aunt, Mrs. Balis Tjepkema of Arpin who is sick.

John Parks in company with some friends from the south left Thursday evening for the north to hunt deer. We wish them good luck.

Henry Blonker was in our burg on Thursday buying cattle to ship. Henry always pays top prices and gives good weight.

The disposing of the N. C. I. property is about completed. The N. C. I. is a thing of the past but it will go down in history as a school that was a great help to poor children who had no means of getting an education other wise. It turned out some of as fine students as ever entered Lawrence college, Stevens Point or Grand Rapids Normal. We wish Roy W. J. Agnew all the best of luck in his new N. C. I. he will start in the near future.

SENECA ROAD.

The S. S. C. held their regular meeting last week Thursday with Mrs. Chas. Bronson. The program for the afternoon in charge of Mrs. Coon and Miss Wagner consisted of a discussion of Thanksgiving menus. The next meeting will be held with Mrs. Teske Dec. 4. This will be a purely social meeting.

J. H. Miller's sale last Wednesday was largely attended and everything sold well.

Robert Morris, Co. Supt. had a slight accident near Moccasin Creek last week Friday when his car collided with a wagon driven by an Indian, who was moving to town. The cause of the accident we understand was because the lights were not working well. No one was seriously hurt.

The friends of D. M. Smith celebrated a surprise on him last Friday in honor of his birthday. The evening's diversion was playing cards. Dan Condo and Mrs. Coon were awarded the first prizes and P. Condo and Mrs. Jackson carried off the "booby" honor.

Miss Myrtle Graham returned on Monday from Renville, Minn., where she has been visiting her sister, Mrs. Spaulker.

Will Teske and the Condo Bros. who are working at Jancaville report that conditions there are very good, wages are high and living very reasonable.

We understand that Walter Long has rented the C. R. Goldsworthy farm and will move on it in the spring.

CHANCE TO BE MIDSHIPMAN

The Wisconsin Civil Service has announced an examination to be held in county seats for midshipment for the Eight Congressional District, including Wood, Portage, Shawano, Marathon, Waupesa and Waushara counties. At the time for their final examination the candidates must be between sixteen and twenty years of age and physically sound. The subjects of the examination will include algebra, including quadratics; Plane geometry, grammar and composition, general history and geography. The pay is \$780 per year starting the day of admission to the academy. Nominations of successful candidates in the preliminary examination will be made by Congressman Edward E. Brown, for one vacancy in the naval academy at Annapolis. The examinations will be held at County seats on December 6th, applications should be in to the State Civil Service Commission before December 1st.

C. I. is a thing of the past but it will go down in history as a school that was a great help to poor children who had no means of getting an education other wise. It turned out some of as fine students as ever entered Lawrence college, Stevens Point or Grand Rapids Normal. We wish Roy W. J. Agnew all the best of luck in his new N. C. I. he will start in the near future.

Miss Mary McLaughlin is spending a few days at the Harry Thomas home before her departure for Port Edwards. We all hate to see her go, as she has been a faithful worker in church, missionary and R. N. A. lodge, all of which she is a member. She always has a smile and cheery word for every one, be they lord or beggar. The community wish her joy in her new home.

Miss Pearl Akey who is teaching at Milladore spent Saturday and Sunday at home.

Joe Fohart has bought two lots of Christ Olson.

Irvin Rochelleau is now employed at the mill here.

Mr. Peterson who is one of the better men was at City Point Saturday and Sunday trying to get a crack at a buck deer.

A number of the boys were out rabbit hunting Sunday. Have your sport boys but leave your dogs at home, for it isn't healthy to be caught with a dog this month.

George Leverance is still lame but always on time at the mill to see that everything is having proper care as George is chief electrician at the mill here.

James Welton is helping in the mill office while Earl Akey is hunting deer at Park Falls.

Tony Haydock was at Milwaukee the last week to look after his children.

The company are putting on a new top on the main water tank at the mill here.

George Bates was in our village one day on business.

Andrew Carlson is getting ready to move into one of the company's new houses as soon as the painters are finished with the painting and cleaning up.

August Jansky is back at his old job.

FELNER

Edward Timm, Walter Buss and Gus Helke went deer hunting at Babcock.

Mr. and Mrs. Emil Zettler are rejoicing over the arrival of twin babies born Nov. 24th.

Mrs. Jensen and Mr. Dewit of Plainfield were united in marriage at 2:30 at the Lutheran church at Kellner, Nov. 20 and a wedding supper was served at the home of her parents.

V. H. Witt made a business trip to Marshfield last Tuesday.

There was a ple social at the school house last Tuesday evening.

Most everyone from here attended the bazaar and program given by Vesper last Thursday. All report a good time.

Josephine Seann has gone to work for Mrs. Richard Gibson at Grand Rapids.

There was a christening party given at the Frank Wipple home last Sunday.

Joe Schiller purchased a horse of A. Kruger of Pittsville.

Charley Griffin of Monarch, Montana visited his sister, Mrs. H. L. Huser and family the past week.

PLOVER ROAD

Miss Esther Voigt and Arthur Hannaman of Grand Rapids were quietly married at the Lutheran Parsonage in Grand Rapids last Thursday, Nov. 20th. We all wish them a long and happy wedded life.

Mr. and Mrs. John Walter left Saturday for Amherst where they will visit relatives. Mr. Walters returned home Monday but Mrs. Walters will remain for a longer visit.

Mr. and Mrs. Ernest Kruger and children of Plover and Mrs. Julius Fredrickson and two children of Wausau visited at the Charles Voigt home last week.

Miss Nina Moll left Thursday for the Riverview hospital where she will train for nurse.

Mr. and Mrs. Rudolph Miller and children of Plover spent Sunday at the John Walter home. Robert Walter returned with them and will spend a few days.

Miss Mamie Lorraine and Ethel Benson spent Sunday afternoon with Miss Tilla Walter.

Mr. and Mrs. John Grall of Milwaukee are visiting at the Fred Theille home.

EAST RUDOLPH

The Krogholm Bros. has completed their job of well drilling on the new Catholic church grounds having gone down a depth of 120 feet, going through 100 feet of blue granite. There is now 100 feet of water in the well.

The Rudolph Telephone Co. have been busy the past week extending the line and installing new phones.

Mr. and Mrs. M. F. Mathews and Mr. and Mrs. E. M. Slattery were callers at the Lewis Livernash home on Sunday.

Henry Piltz of Milwaukee is here buying Holstein cows to put on his farm down there.

Several men and teams began work Monday hauling sand and rock to the new church site and it is expected that work on the building will begin as early in the spring as conditions will permit.

There are a few cases of small pox reported to be in the neighborhood, but we hope that it will only be a few.

The teachers of the Rudolph school are kept busy these days getting ready for the program and here comes the day when the school will open in Haumschild's hall for the benefit of the Red Cross.

SHERRY

Last Thursday evening a large company of friends gathered at the home of Mr. and Mrs. Wallie Lingford, it being the anniversary of their marriage twenty-five years ago which took place at Gratiot, Wis., in the southern part of the state. Just a few years ago Mr. and Mrs. Lingford came to this place, having bought a farm and with their family, two sons and two daughters have made themselves a home and won friends to whom they are invited to their home.

The house was decorated for the occasion. The bride of 25 years ago was dressed in a gown of blue silk poplin and after receiving the congratulations of their friends they were served a delightful repast in the large dining room, beautifully decorated in silver and white and well lighted which made a beautiful sight. A number of lovely gifts and also money in silver were received by the couple and at a late hour the guests left the home and reported a most delightful time. George Lingford, the eldest son served in the world war and was married before he left for the front. A little daughter was born to the young couple and are residing at Milladore.

Mr. and Mrs. Otto Zerenke had as guests at their home the first of the week a brother in law from Burlington, Ed. Subrod, Mr. and Mrs. Harry Thomas, daughter, Margery and son, Howard, their house guest, Miss McLaughlin and Mr. and Mrs. Paul Zerenke and their two sons and Miss Esther. Mrs. Zerenke served as she always does a most delightful dinner and gave a lovely time to her guests.

The house of Mr. and Mrs. Zerenke is being finished, a furnace being installed and the home will surely be a comfortable home in the future as it was in the past and we wish them long life and prosperity.

Ralph Thomas will spend a short Thanksgiving vacation at home from Lawrence College at Appleton, arriving on Wednesday evening.

Herman Jantz has put a new piano in his home, a recent purchase that makes sweet music in the neighborhood.

The school entertainment under the direction of the three teachers, Misses Locket, Marcoux and LeRoux on Saturday night was a great success, a large crowd being present. The selling of the box that brought the largest sum was bought by Clarence Zerenke who paid \$2.05 for the lunch was put up by a very charming young lady, we won't tell her name.

The Anton Wiken family accompanied by the Misses Marcoux and Locket went to Grand Rapids on Saturday. It was an ideal day for an auto trip.

Mrs. Mary Caszad will have her son and daughter home for Thanksgiving, the one from Iowa and Miss Olive from Eau Claire, making a happy reunion as last year they were separated by the ocean as the son was across the water.

We have much to be thankful for this year as the harvest has been a most abundant one. Let us not forget the less fortunate ones who have not fared so well.

Mr. and Mrs. Emil Haumschild of Gills Landing are visiting here. Mr. Haumschild is finishing up the interior of the new houses of John Akey and Louis Joosten.

Miss Lois Akey has been confined to her room at Herlitz Hotel with an attack of tonsillitis.

Nick Ratelle and Geo. Rivers left Saturday morning for Berlin to visit brothers and sisters of Mr. Rivers. They made the trip in the farmers car and expect to return home Monday evening.

Mrs. Mildred Stout is clerking at Kujawa & Wilkins store during the absence of Lois Akey.

Osar Crockett and family of Grand Rapids spent Sunday here with relatives.

The Krogholm drillers finished the well on the Catholic church grounds. They drilled 120 feet and struck a fine vein. There is 100 feet of water in the well. Monday was a busy day on the church grounds as many loads of sand and rock were hauled.

It is the intention of Fr. J. P. Wagner to get as much of the material on the grounds this winter as possible so that early in the spring the erection of the new school building will begin.

Mrs. John Akey of Merrill came down Saturday noon and remained until Sunday noon, accompanied by her daughter, Lois who will spend the week at home.

Mrs. Mamie Scott of Tomahawk is visiting her parents and caring for her mother, Mrs. Louie Livernash who has been seriously ill with an attack of pneumonia.

Mr. and Mrs. Block are rejoicing over the arrival of a baby boy born Friday Nov. 21st at the hospital in Grand Rapids. Mr. and Mrs. Block recently purchased the John Omholt farm and now reside there.

Mr. and Mrs. Will Kurtz are rejoicing over the arrival of a baby boy born Sunday, Nov. 23rd.

The graded school will hold a basket social in Haumschild's hall Tuesday evening with Thanksgiving speaking.

SARATOGA

There will be no preaching at the Bell school Sunday, Dec. 7th.

Mrs. Reimer of Grand Rapids spent Thursday afternoon at the home of her sister, Mrs. N. Jensen.

Rev. Becker conducted services at the Union church Thursday evening.

Mrs. Peter Knuteson and little daughter Sabina, departed Monday for Caledonia, Minn., where she will visit her sister.

Knutte L. Knuteson of Grand Rapids spent a few days in our neighborhood.

K. Knuteson was a business visitor at Marshfield on Wednesday.

The ladies aid society met at the home of Mrs. Nels Jensen last Thursday.

Joe Johnson of Kilbourn was in this neighborhood.

F. Giese of the town of Grand Rapids was shredding corn in our neighborhood last week.

Nels Jensen arrived home last Thursday from Chicago where he has been visiting with friends and relatives the past six weeks.

A. Muller of Philadelphia was in our neighborhood one day last week.

A number of ladies from here were visitors at the Rev. Reinke home Saturday afternoon.

Dr. and Mrs. V. P. Norton of Grand Rapids were Sunday visitors at the Walter Burmeister home.

SAYS THAT WAR ITCH MAY BECOME EPIDEMIC

Marshfield Herald—Uncle Sam's populace is due for some maroon scratching says Dr. Charles Pabst of New York City, skin specialist, unless precautions are taken immediately to halt it. The disease he says is gaining foothold in this country with the return of overseas veterans to civil life. Outbreaks of the itch have appeared in several parts of the country and it may be that it has made its appearance in Marshfield as several here have been afflicted with a peculiar skin disease resembling barbers itch. The specialists do not know the source of the "itch mite" which burrows into the skin and keeps the poor victim on the "shimmy" until it is cured, but they can cure it in 17 days if the sufferer reports it at the first symptoms, he says. Otherwise it may keep the victim working energetically for a life time.

Several men and teams began work Monday hauling sand and rock on the new church site and it is expected that work on the building will begin as early in the spring as conditions will permit.

There are a few cases of small pox reported to be in the neighborhood, but we hope that it will only be a few.

The teachers of the Rudolph school are kept busy these days getting ready for the program and basket social that will come off Tuesday evening in Haumschild's hall for the benefit of the Red Cross.

SHERRY

Last Thursday evening a large company of friends gathered at the home of Mr. and Mrs. Wallie Lingford, it being the anniversary of their marriage twenty-five years ago which took place at Gratiot, Wis., in the southern part of the state. Just a few years ago Mr. and Mrs. Lingford came to this place, having bought a farm and with their family, two sons and two daughters have made themselves a home and won friends to whom they invited to their home. The house was decorated for the occasion. The bride of 25 years ago was dressed in a gown of blue silk poplin and after receiving the congratulations of their friends they were served a delightful repast in the large dining room, beautifully decorated in silver and white and well lighted which made a beautiful sight. A number of lovely gifts and also money in silver were received by the couple and at a late hour the guests left the home and reported a most delightful time. George Lingford, the eldest son served in the world war and was married before he left for the front. A little daughter was born to the young couple and are residing at Milladore.

Mr. and Mrs. Otto Zerenko had as guests at their home the first of the week a brother in law from Burlington, Ed. Subrod, Mr. and Mrs. Harry Thomas, daughter, Margery and son, Howard, their house guest, Miss McLaughlin and Mr. and Mrs. Paul Zerenko and their two sons and Miss Esther. Mrs. Zerenko served as she always does a most delightful dinner and gave a lovely time to her guests. The house of Mr. and Mrs. Zerenko is being finished, a furnace being installed and the home will surely be a comfortable home in the future as it was in the past and we wish them long life and prosperity.

Ralph Thomas will spend a short Thanksgiving vacation at home from Lawrence College at Appleton, arriving on Wednesday evening.

Herman Jantz has put a new piano in his home, a recent purchase that makes sweet music in the neighborhood.

The school entertainment under the direction of the three teachers, Misses Locket, Marcoux and LeRoux on Saturday night was a great success, a large crowd being present. The selling of the box that brought the largest sum was bought by Clarence Zerenko who paid \$2.00 for the lunch was put up by a very charming young lady, we won't tell her name.

The Anton Wiken family accompanied by the Misses Marcoux and Locket went to Grand Rapids on Saturday. It was an ideal day for an auto trip.

Mrs. Mary Cazadd will have her son and daughter home for Thanksgiving, the one from Iowa and Miss Olive from Eau Claire, making a happy reunion as last year they were separated by the ocean as the son was across the water.

We have much to be thankful for this year as the harvest has been a most abundant one. Let us not forget the less fortunate ones who have not fared so well.

SAYS THAT WAR ITCH MAY BECOME EPIDEMIC

Marshfield Herald—Uncle Sam's populace is due for some marathon scratching says Dr. Charles Pabst of New York City, skin specialist, unless precautions are taken immediately to halt it. The disease he says is gaining foothold in this country with the return of overseas veterans to civil life. Outbreaks of the itch have appeared in several parts of the country and it may be that it has made its appearance in Marshfield as several here have been afflicted with a peculiar skin disease resembling barbers itch. The specialists do not know the source of the "itch mite" which burrows into the skin and keeps the poor victim on the "shlimmy" until it is cured, but they can cure it in 17 days if the sufferer reports it at the first symptoms, he says. Otherwise it may keep the victim working unceasingly for a life time.

WHITE DOE AND FAWN ARE PROTECTED BY RESIDENTS

Vilas County News—About two seasons ago some one shot an albino buck deer in the Bohemian district, about five miles southwest of Eagle River. All this summer the settlers of that section have seen a doe and fawn of the same color, but had not published it to the general public, wishing to save them from the hand of some unscrupulous hunter.

The Dolansky family have seen both the doe and fawn all summer long in the fields near their farm, and it is said they are beautiful to behold. Both animals are of an almost pure white and are necessarily very wild, never having been disturbed by any hunter.

But now that the hunting season is about to open, it is a foregone conclusion that someone will kill them to satisfy the lust for a deer.

Be a sportsman, fellows, and save this doe and fawn.—Vilas County News.

STUDENTS STRIKE WHEN BOARD HIRES SOCIALIST

Oscar Rademacher, for years prominent in Socialist politics in Milwaukee, has brought suit against the school board of Westboro alleging that he was not allowed to complete a contract to teach in the High school. The High School pupils went on a strike at noon of the first day he taught. They won the strike and I. J. Kiger, clerk of the board, notified Mr. Rademacher not to return.

That Mr. Rademacher is a Socialist and that he did not help out in the war loan campaigns was the reason given by the pupils for staying away.

Westboro is down on the government records as one of the foremost towns of the state in patriotic activities. It put up \$78,000 for war purposes, oversubscribing its quotas from 25 to 100 per cent. In one of its mass meetings it doubled its Red Cross allotments in 45 minutes. Its enlistment record was so high that it was scarcely touched by the draft. Three of its young men lost their lives overseas.

Mr. Rademacher was employed about three weeks after the fall term began. Several high school boys got together on the street, among them Bob Bahlow, Harry Steffens and Emory Fremelin. One said he wasn't going back to school. Somebody else said he wasn't either. The crowd agreed to stand together and runners were sent out to notify the girl students and absentees. A crowd of about 30 gathered.

Prin. F. J. Nimetz asked the boys to return, and leave the whole matter with their parents. They declined to do. Mr. Nimetz informed Mr. Rademacher of the occurrence and classes were held with such pupils present as had not been informed of the strike.

In the suit against the board based on breach of contract, Mr. Rademacher states that on September 9 he entered into a contract with the school board to fill the vacancy until the return of a teacher from Montana and that the board afterward refused to permit him to carry out the terms of the contract. Mr. Rademacher appears as his own attorney, while the board retained Herman Leitch of Medford.

MAY BOND WAUSHARA COUNTY

The Waushara county board has called a special election for December 15th for the purpose of voting on a proposed bond issue of \$1,000,000 for good roads. The people down in that county have come to the decision that the only way they can get ahead is by building them now and keeping up with their neighboring counties, and are putting it up to the people.

KILLED WHEN TRACTOR STARTED UNEXPECTEDLY

The Marshfield Herald tells the following story of the death of Geo. Hoernke, of Edgar, who was killed when a farm tractor started unexpectedly, passing over his body. The story says:

"George Hoernke, a farmer's son residing near Edgar met with a peculiar accident on Friday of last week that cost his life. On the day of the accident he was engaged in the operation of a farm tractor and when night came on drove the machine to the barn to house it for the night. Before entering the barn he stopped in front of the door and throwing the machine into neutral proceeded to remove the water from the radiator, which required his crawling under the car and opening a valve. While thus engaged the vibration must have thrown it into high gear and the wheels began to move. Before the unfortunate man could make his escape he was run over, crushing his skull and jaw bone. He was hurried to St. Joseph's Hospital, this city, where everything possibly was done for him but the injury was too great and without regaining consciousness, he passed away Monday evening. After death the remains were taken to the Baer & Lange undertaking rooms, where they were prepared for burial and later taken back to the home of his parents, the funeral taking place on Thursday. He was 24 years of age and only a few months ago returned home from overseas service.

"The sad ending of this young man's life should be a warning to the users of tractors to practice safety first and never attempt to do what the deceased did without first stopping the engine. The parents of the deceased live on a farm midway between Edgar and Marshfield.

WAUPACA DRIVER FLEED OF MANSLAUGHTER CHARGE

Waupaca County Post—Wednesday afternoon Judge Byron B. Park directed the jury in the Earl Wilde case, to bring in a verdict of "Not Guilty," he stating that while the defendant was undoubtedly guilty of negligence and carelessness on the occasion of the collision in which Colburn Carlson lost his life, but that the testimony produced at the trial did not show criminal carelessness or that degree of disregard for human life which the law required to constitute the crime of manslaughter. The trial of Wilde on the charge of manslaughter was the result of a collision on the morning of August 10, in which Colburn Carlson received such injuries that he died a few days later. The state accused the defendant of criminal negligence, but a long array of witnesses failed to bring out proof of any intent to do harm, and the judge acceded to the request of Attorney Goggins after the witnesses were all heard, that the case be dismissed without going to the jury or taking time for argument. The trial drew immense crowds to the court house, both days and close attention was paid to each witness. Sympathy seemed to be with Mr. Wilde, although sorrow was felt for the bereaved family of the victim. Judge Park said that he believed the accident would be a life-long lesson to Mr. Wilde, and teach him to exercise greater care in driving.

TOMAH TRIMMED LOCALS EASILY LAST WEDNESDAY

Grand Rapids high school football team were defeated by a 40 to 0 score last Wednesday at Tomah when they met the high school team of that city. The Tomah Journal says:

"The Grand Rapids-Tomah football game was an overwhelming victory for the gold and white—'Our Tomah.' A final score of forty to nothing in favor of Tomah shows that the visitors were snowed under so deeply from the very start, that they never dug their way to a touchdown.

"Tomah's forward passes were worked with precision and judgment. Her open game out-played Grand Rapids at every angle. A spectacular run of 90 yards and a touchdown by Westlake, two touchdowns by Captain O'Leary and two by Herman featured the game. The visitors outweighed the local team, but were no match for Tomah as the score shows.

"This victory added to others of the season, would entitle Tomah to contest for the state championship. The backing and encouragement of every citizen should be given the boys and Coach Beach, who have labored together with such excellent results.

FRANK WARD SPOKE AT SUNDAY EVENING CLUB

Frank G. Ward, dean of the Chicago Theological Seminary, gave a very strong address before the Sunday Evening Club last Sunday evening on "The Challenge of the Mississippi Valley." Mr. Ward traced the lives of the pioneers who invaded the valley, the explorers, who carried the Christian faith to this country in the earlier days, and who gave their lives that this faith might live among those who lived after them. He spoke of the challenge that men like Paxon and Moody gave in laying the foundation of Christian and moral education. The Mississippi valley, he said, is the favored land, saved from the wreck and strain of war, the farms keeping conditions more stable. Mr. Ward spoke of the development of the community idea outlining some of the work done in this line.

SHIPPED WRONG BODY

When a casket supposed to contain the remains of Lieut. Edmund Collins was opened at a Racine morgue it was discovered that the casket did not contain the remains of the Racine lieutenant, but those of an Indiana soldier who died in Russia and was buried in a grave beside that of Collins. Another Lieut. Collins, who was in charge of a military escort bringing the body to Racine, was killed in Chicago the evening that he was going thru there on his way to Racine, in an automobile accident. The papers regarding the Racine lieutenant were found upon his person. A public funeral had been planned for the day following the arrival of the body but was abandoned until the right body arrives.

Our Thanks to The Men of Grand Rapids

We believe that we all have much to be thankful for this Thanksgiving. But we, who are identified with this establishment, feel specially grateful for the patronage that has been accorded us this year. Our business has grown to new proportions. We have made many new friends—but what is more important, we have strengthened old friendships.

It pleases us to think what this signifies. It means that the men of this city have faith in our store, in our merchandise, in our word.

Our policy has ever been to deal fairly and squarely at all times, and we are thankful that our method of doing business has won such generous recognition from the men of Grand Rapids.

THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable Vanadium steel chassis, and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford Trucks wouldn't be so constantly on the increase. We will be pleased to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery, and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.

NOTICE!

TO OUR FRIENDS AND PATRONS:

IT WAS QUITE EVIDENT A YEAR AGO TO ANY ONE WHO HAS STUDIED CONDITIONS IN THE FURNITURE INDUSTRY THAT PRICES WOULD ADVANCE ALONG WITH ALL OTHER LINES OF MERCHANDISE AND THAT A SHORTAGE OF GOODS WOULD BE THE ULTIMATE OUTCOME. AFTER TALKING PERSONALLY WITH SOME OF THE LARGEST FURNITURE BUYERS AT THE CHICAGO MARKET IN JANUARY THEIR ADVICE TO ME WAS "BUY ALL YOU CAN GET." I ACTED ACCORDINGLY AND "DID BUY." I LEASED THE WIPPERMAN TABLE FACTORY FOR STORAGE OF SURPLUS STOCK WHICH CONSISTS OF THREE FLOORS AND HAVE THE SAME QUITE WELL FILLED WITH SEASONABLE FURNITURE.

FOR THIS REASON I AM WELL PREPARED TO MEET THE DEMANDS OF THE PUBLIC FOR FURNITURE. THE PRICES ARE LOWER THAN THEY WILL BE TWELVE MONTHS FROM NOW.

THE ENTIRE OUTPUT IS BEING BOUGHT FASTER THAN GOODS CAN BE MADE, DELIVERIES ARE MONTHS BEHIND, AND THE PERSON BUYING FURNITURE SIX MONTHS OR A YEAR HENCE IS GOING TO PAY PRICES THAT WILL "STAGGER" HIM. THE REASONS FOR THIS CONDITION MAY BE BRIEFLY STATED AS FOLLOWS:

1. Low production during the war, coupled with the largest business in the history of the industry since the close of the war.
2. Lack of experienced labor and loss of production.
3. A shortage of material prevalent in all wood working industries.

FURNITURE ORDERED FROM THE FACTORY TODAY CANNOT BE DELIVERED UNDER SIX MONTHS AND THERE IS NO CHANCE FOR SUPPLY TO OVERCOME THE DEMAND FOR AT LEAST TWO YEARS.

MY ADVICE TO MY CUSTOMERS IS: IF CONTEMPLATING THE PURCHASE OF FURNITURE, DO NOT DELAY BUT BUY NOW WHILE PRICES ARE STILL WITHIN REASON AND THERE IS STILL A LARGE STOCK FROM WHICH TO SELECT.

PRINCE OF WALES HONORS

LT. COMMANDER LANDOWNE

Mr. and Mrs. F. MacKinnon celebrated their wedding during the past week at their son-in-law, Lt. Commander Landowne, had been decorated by the Prince of Wales at Washington, being given the British Air Cross for conspicuous service in the Naval Aviation service abroad. Lt. Commander Landowne is well known here having visited with the MacKinnon family shortly after his trip across the Atlantic in the R-34. He had also visited here numerous other times. Commander Landowne is probably the only American aviator that has ever been awarded this British Air Cross while in the American service, at least in the naval aviation department.

At the present time he is located at Akron, Ohio, where he has been disposing of the governments aero fields which was located on the grounds of one of the large rubber companies in that city.

Mrs. Saul Preston of Penoka, Alberta is visiting friends and relatives in the city for a couple of weeks.

HUNTED WITH DOG, FINED

ADOLPH DERNBACH

Adolph Dernbach, of this city, was arrested last week by Warden Cole charged with hunting rabbits with a dog in a territory which is opened for deer hunting. Dernbach pleaded guilty to the charge and paid a fine of \$50 in Judge Pomerville's court.

COMPANY K GIVES DANCE

Sheriff Bluet was in La Crosse several days this week on the grand jury.

J. F. Cooley left on Wednesday for La Crosse to spend Thanksgiving with relatives.

Sam Walters of the town of Sigel was called to Monroe last week to attend the funeral of his sister-in-law, Mrs. John Walters. Mrs. Walters and son, Cyril of Monroe were visiting at the Sam Walters home in the town of Sigel for two weeks.

DELCO LIGHT USERS MET

AT MARSHFIELD SATURDAY

About one hundred of the progressive farmers of this and neighboring counties gathered at Marshfield Saturday where they held the first Delco Light Convention under the auspices of the Marshfield Electric Company. Interesting testimonials were given by different farmers, one stating that he had recently sold his farm, which had been Delco Light equipped for more than two years, and that he was building a new home which would be similarly equipped. Mr. Levy, vice president of the distributing company in Chicago, was one of the principal speakers, Mr. Gladstone, sales manager of the Chicago company also speaking. Representatives of Marshfield spoke on the service the plants were rendering in different localities.

W. W. Clark, county agricultural agent, spoke of the need of lights and water under pressure on the modern farm. One of the interesting features for the company was that every customer present stated that he was satisfied with the service he was getting. Clark Lyon and O. B. Robinson, local Delco dealers, stated

that the Marshfield company entertained with an excellent dinner and show and that they were more than satisfied with the meeting.

W. OF C. GIVE THEIR

WAR FUND ACCOUNT

During the 12 months ended June 30, 1919, the Knights of Columbus spent on war relief work \$16,794,552.41. This amount was subdivided as follows:

For work in the United States, \$5,468,060.79.

For work overseas, \$5,550,082.62.

On free creature comforts, \$7,000,000.

For administrative purposes, care and distribution of funds, \$166,616.76. This last sum was more than derived from cash discounts for prompt payment of merchandise bills.

Of the above portion Wisconsin contributed \$324,346.53 against which no expense was charged. Every dollar collected was sent to supreme headquarters for the use of the boys in service. The expense in connection with the securing of this contribution was paid out of the state council funds and totalled less than \$400.
